PROFILE

A dilligent, hardworking and self-motivated data scientist with a background in Marine sciences, and over 3 years of experience developing analytical skills while working in the energy and environmental industry.

EDUCATION

A.I. Engineering (In-view)
Strive School Berlin - Germany
2021 - 2021

M.Sc. Marine Geosciences
University of Bremen - Germany
2017 - 2020

B.Sc. Geology
University of Ilorin- Nigeria
2010 - 2014

SKILLS

- Python
- Html & Css
- Sql
- critical thinking
- communication
- collaboration

EXPERIENCE

A.I. ENGINEERING

March 2021 - Sep. 2021 | Strive School Berlin (Bootcamp)

- Currently participating in this intensive training program; studying and practising to build Full-stack efficient machine learning and AI products independently and in teams.

Libraries:(Python)

Pandas, NumPy, Matplotlib, skLearn, seaborn pytorch, OpenCV, NLTK, Spacy.

Developer Tools:

Git, Jupyter, Google colab, VS Code, MacOS, DBeaver, AWS, Heroku, Streamlit.

OPERATIONS SUPPORT

Nov. 2020 to Present | Amazon - Bremen, Germany

- Analysed, evaluated operational issues and collaborated with operations team to provide excellent customer services and foster positive work environment.

SUBSURFACE ANALYSTS - GEOLOGIST

Nov. 2015 to Sep. 2017 | Hansol Geonetworks - Lagos, Nigeria

- Used geophysical and geochemical methods in analysing, interpreting and presenting findings from seismic and well-log data for offshore hydrocarbon explorations.

CERTIFICATES

Kaggle Python/Machine learning Certifications.

From completing series of python and machine learning courses.

Project Management Certification, Axelos 2020

Prince2 foundation certificate in project management.

Geospatial and Environmental analysis, Coursera 2020.

GIS Specialization in Geospatial and Environmental analysis.
